When escorting, always have the person on your right side.

When Posting Colors, the Eagle on the American Flag is to face the rear until posted, when it will be turned to the front. All other flags, the Eagle will always face front.

When the American Flag is properly posted, anyone approaching or passing by or near the flag should render a salute when wearing an authorized cover (Legion, Auxiliary, S.A.L. only)

Members of the Armed Forces and Veterans who are present and not in uniform MAY render the military salute. This is based on the 2008 Act "CONDUCT BY MEMBERS OF THE ARMED FORCES AND VETERANS OUT OF UNIFORM..."

Remember, When rendering the Military salute you NEVER speak. This includes the Pledge of Allegiance. That is why you place your hand with your Legion Cap over your heart with the Legion Emblem facing out when reciting the Pledge.

What are the difference in duties of the Honor Guard and Color Guard?

What are the difference in duties of the Honor Guard and Color Guard?

The Color Guard carries the colors. At your meetings, the color Guard will present the colors.

The Color guard may wear the uniform of their branch of service.

When Color Guards were still an integral part of battlefield combat, the rifles were used to protect the flag (colors) from attack. The flag would be used to signal movements and make it possible for commanders to see troop positions. In the modern world, they obviously aren't functional anymore.

An Honor Guard honors an individual or group by standing watch during a ceremony, by accompanying and conveying deceased service members or veterans at funerals and burials, and by firing volleys to honor the deceased when appropriate.

The Honor Guard should be dressed in all the same uniform. There are three groups that make up the Honor Guard. The Color Guard, which presents or carries the national or state colors. When the Color Guard is acting as part of the Honor Guard, they too should be dressed the same as the Honor Guard.

The second is the Body Guard, which escorts the person being honored, whether living or deceased and carries the casket at a military funeral or burial. The Body Guard also folds and presents the veteran's casket-draping flag to the widow or other survivor

Finally, the seven member firing party provides three volleys to honor the fallen.

This is just a guideline, many of our Posts don't have the membership to fill all of the positions.
